

Silver City Men Erect Barleycorn Monument.
The monument dedicated to John Barleycorn was unveiled with appropriate ceremonies recently, on the grounds of the Y.M.C.A. in Paradise, Cal. Many other members were in attendance. (Photo Fred Kopschke View Company)

**Easier to handle -
safer to drive**

The driving control of the Ford glass-industrious important rear car technology simple, yet advanced. The Ford coupe is a masterpiece of engineering. Its design is particularly in control of traffic. Ford paid great attention to powerful brakes, wide wheelbase and full visibility, afforded by the all-steel body construction with narrower pillars and large plate-
