Federal education funding revenue sources provide additional support to bring products that engage students in their classrooms. Active Classroom is a digital learning platform with thousands of activities that

- ✓ Meet Adequate Yearly Progress (AYP) goals
- ✓ Support at-risk students
- ✓ Develop and maintain high-quality resources
- ✓ Provide alternative avenues to academic success

## How Will You Make the Most of Your Funding Resources?

Active Classroom qualifies for multiple federal funding sources. This comprehensive product helps at-risk students succeed and is designed to empower teachers to help all students meet curriculum goals.

Funding resources	Active Classroom
<b>Title I, Part A</b> Low-Income Students	The highest quality learning materials, all in one place and accessible to students from any device with an Internet connection
<b>Title II, Part A</b> Teacher Quality	Along with training and micro-credentials with every license, a curriculum specialist is always ready to help or advise
<b>Title III, Part A</b> English Language Acquisition	Translation for over 200 languages helps students attain English proficiency and meet district standards
<b>Title IV, Part B</b> 21st Century Community Learning Centers	Library of over 4,500 activities, primary sources, quiz builders, and more
<b>IDEA, Part B</b> Special Education	The flexibility to differentiate for students as needed to meet them at their level

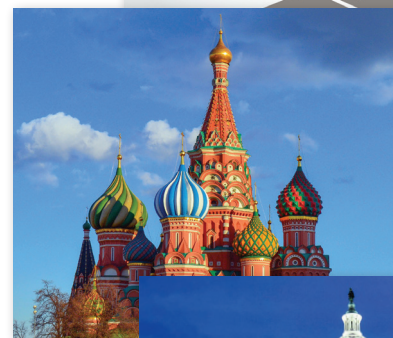

Keep your students  
up-to-date with  
our evolving world

Through **primary source analysis** and **decision-making skills**, engage your students with activities focusing on how global events affect what's happening around them. With a new relevant topic and activity added monthly, the learning opportunities are endless.
